INTERNATIONAL HARDWARE FAIR ITALY

INTERNATIONAL HARDWARE FAIR ITALY

A new entry on the Italian and European trade fair scene:
International Hardware Fair Italy.

Koelnmesse, the organiser of International Hardware Fair Cologne - EISENWARENMESSE - the Nr.1 event in the hardware and DIY sectors worldwide, chooses Italy to recreate the approved format of the Cologne trade fair and to give the exhibitors and visitors **a high-level annual event: Cologne in even years and Bergamo in odd years!**

THE NEW PLATFORM

The first edition of International Hardware Fair Italy will be **full of novelties**.

A key event for the Italian and European market that will attract professionals from **the hardware, fixing, fasteners, DIY, building, safety, outdoor, paint industries and electrical**, for two days of meetings and conferences.

An international trade fair, in the best location to present the latest innovations and to establish relationships with new business partners.

WHY EXHIBIT:

GOOD REASONS

THE ONLY FAIR FOR THE HARDWARE SECTOR IN ITALY

The industry workers from all over Europe will have a Koelnmesse appointment every year now: Cologne in even years and Bergamo in odd years.

AN INTERNATIONAL FAIR

International Hardware Fair Italy 2023 will address its naturally international vocation not only to Italian but also to the European market in terms of visitors and exhibitors.

A COMPLETE PRODUCT RANGE

The event involves a wide range of different areas to offer visitors a complete set of products. Tools, DIY, Fixing, Building, Safety, Colour and Paintings, Electrical, Garden and Outdoor.

MATCHMAKING: QUALITY MEETINGS

One-to-one meetings, onsite or online, between exhibitors and selected distributors. The pool of distributors will include leading brands of hardware distribution and large-scale retail, both Italian and international.

THE DATES

The first edition will be held from 5-6 May 2023, Friday and Saturday. Two ideal days for both retail distribution and organised distribution to include a visit to the fair.

LOCATION

Fiera di Bergamo is an excellent location due to its central position. The location is easily reachable by car and public transport, either from Italy or from abroad. Wide parking lots, optimal logistics and wide and modern halls, 16,000 square metres of exhibition space.

CONGRESS AND WORKSHOP

International Hardware Fair Italy will be more than a trade show. Besides the exhibition space, the fair will offer unique opportunities for training and discussion during high-level congresses and workshops.
